But what's truly remarkable is the coffee itself — Gevalia. Coffees this special could never have been created in a hurry. In fact, we've been perfecting the art of coffee making for over 150 years.

It all began in the quaint port of Gävle, Sweden, where Gevalia® dedicated itself to bringing the finest coffee to the world. Today Gevalia is still meticulously crafted using tried-and-true coffee-making techniques. Our coffees are roasted in Sweden, then vacuum sealed for maximum freshness and delivered direct to your door. When it comes to quality, Gevalia goes a step beyond most other coffees—our Master Taster samples over 200 cups a day to make sure our high standards are met.

From our custom blends, available in different roast intensities, to rare Select Varietals®, to aromatic Flavored Coffees, you'll choose from a selection you won't find in any store. Take your pick of whole bean or ground, Regular or Decaffeinated. Our Decaffeinated coffees are every bit as satisfying as our Regular coffees. We remove the caffeine with a special process using the same ingredients found in natural sparkling water.

When you receive your Trial Delivery, you'll have a full 45 days to see if Gevalia is everything we described. If you're not completely satisfied with our coffee, you can still keep the coffeemaker. If you enjoy our coffee selections, we'll send you more automatically. You're always in control of your Gevalia deliveries. You can change the frequency, types and quantities of the deliveries to suit your needs—or on a whim. Our coffee experts are available to you 24 hours a day, 7 days a week.

Enjoying Europe's finest coffee is easy. To receive your Trial Delivery, just choose your two coffees and the accent color of your coffeemaker. Then return the enclosed order form to us today. Or, for faster service, visit [GEVALIA.COM/tryit](http://GEVALIA.COM/tryit). You can also call us toll free at 1.800.GEVALIA anytime.

Take a look at the enclosed brochure—it features 19 of our most popular coffees. Choose two and we'll deliver them along with your FREE coffeemaker—yours to keep with no further obligation.

Cheers,
